Press Release

January, 2006

Intrinsic Perennial Gardens, Inc. of Hebron, IL wholesale growers of hardy and hard to find perennials is excited to announce the introduction of a new Sedum plant. Autumn Charm™ stonecrop Sedum ‘Lajos’ pronounced Lie’-osh, is a stable variegated sport of Sedum ‘Autumn Joy’. Intrinsic Perennial Gardens has recieved a Plant patent #14,421 for this new Sedum which has a creamy yellow edge with green centers. White buds in August evolve to russet red flowers in mid September. This plant thrives in a well drained soil and full sun to light shade.

Starting in spring Autumn Charm™ stonecrop Sedum ‘Lajos’ PP#14,421 will be available to the wholesale trade and at local chicagoland garden centers. These plants will be sold in purple pots along with other plant introductions from Intrinsic. For more information please contact Brent Horvath.

Sincerely,

Brent Horvath
